and, in 1984, purchasing a home in West Bountiful.

Dave then joined the Utah Air National Guard and began to fly KC-135's. He served in Desert Shield/

Desert Storm and was in Saudi Arabia during that conflict. While in Saudi he served as High Priest Group Leader and was set apart at LDS Church Headquarters. Because the family did not want to leave West Bountiful, Dave served several short six-month-plus tours at the Pentagon in Washington, DC.

Later on Dave served as Comptroller for the Utah Air Guard. He also served as supervisor of public affairs for the Air Guard during the 2002 Olympics hosted by Utah, representing the Guard on television several times.

Dave initiated the State Partnership program between the state of Utah and the country of Morocco. He has been responsible for many K-135 flyovers at our Fourth of July parades.

Dave has been very active in the LDS Church. He has served in a Bishopric, in the High Priest group leadership, and taught genealogy while getting information for over 30,000 of his own ancestors. His favorite activity has been working with the youth. He has held several scouting positions and has served as Young Men's President three different times.

Some of Dave's most memorable activities have been trips with the young men. He took several of his young men on a bicycle trip over the old Pony Express trail. He took a group into the Uintah Mountains on a survival camp with many experiences but most memorable was the boys having to kill and eat their own food.

Multiple groups of young men got to participate on flights with the Guard where they were able to witness air refueling from a tanker plane. His influence with the boys has been illustrated by the fact that six of the boys he worked with joined the Guard.

After retiring in November of 2006 and after thirty-two years of military service, he found out that he had stage four colon cancer, forcing him to decline an offer to join the FBI. Dave is married to Marsha Thomas and has four children and are expecting their eighth grandchild.

Our Condolences

We wish to give the family and friends of Karen Call "2008 Mother of the Year" our sincere regrets in her passing. West Bountiful has been a better place because of her contributions.

City Beautification Committee Established

Mayor Behunin has put together a team of individuals who will assist the city staff in keeping a newly adopted "City Beautification Ordinance" in place. The committee headed by Chairperson Jill Sandstrom and overseen by Councilmember Debbie McKean has reviewed the current West Bountiful Nuisance Ordinance and will soon send proposed recommendations to change the current ordinance to the Planning Commission and City Council in the next month or so.

The new ordinance will include a landscaping section requiring all residents to have some sort of landscaping in their yards. In addition, the committee is reviewing the current noise ordinance. The noise ordinance will remain separate from the City Beautification Ordinance but will be cross referenced in this new ordinance. If you have concerns or would like input on the changes made to this ordinance, you may contact Debbie McKean 298-3179 or attend the Public Hearing that will be posted in the near future.

The committee will also assist needed residents with help in cleaning up their yards upon request by providing resources of individuals who are willing to assist those in need. If costs are involved in this process, those costs will be the responsibility of the homeowner.

In the near future, the committee will be working on new ideas to improve our current city clean up program. The Mayor, Council, Staff and Beautification Committee would like to recognize and thank the many residents who have taken the time and made the effort to clean up their yards this season. We want everyone to take pride in our city. When each of us do a small part we make a big difference. Keep up the good work.
